

Flexibility & Convenience: AuraCart allows quick and hassle-free order cancellations as long as the request is submitted prior to shipment dispatch. Prepaid orders canceled within the permitted window receive a 100% refund.

1. CUSTOMER-INITIATED ORDER CANCELLATION

Before Dispatch (Allowed)

Orders can be canceled directly via the website/app in 1-click. Full refund will be automatically triggered to source payment.

After Dispatch (Restricted)

Once shipped, direct cancellation is locked. You can reject the parcel at delivery or initiate a return post-delivery.

2. HOW TO CANCEL YOUR ORDER

- Log into your account on www.auracart-dummy.com or our mobile application.
- Navigate to **Account > My Orders** and locate the specific pending order.
- Click the **"Cancel Order"** button next to the item list and select a cancellation reason.
- You will receive an instant confirmation on screen as well as via email/SMS.

3. PARTIAL ORDER CANCELLATION

If your order contains multiple items, you may cancel individual items prior to their dispatch without affecting the remainder of your order shipment.

4. CANCELLATION BY AURACART (SELLER CANCELLATION)

Under rare circumstances, AuraCart reserves the right to cancel an order partially or fully. Reasons include:

- Stock Unavailability:** Sudden stock discrepancies or quality check failure at warehouse.
- Address Unreachable:** Delivery location restricted due to logistics limitations or force majeure.
- Pricing Error:** Obvious pricing or technical glitches displayed on the store front.
- Fraud Risk Flag:** Order flagged by automated risk detection for unauthorized payment activity.

Note: If AuraCart cancels an order, 100% of the funds will be immediately refunded to your original payment mode without deductions.

5. FEE STRUCTURES

Zero cancellation fees apply if canceled before item dispatch. For doorstep rejections on prepaid shipped items, a nominal courier processing charge may be retained.
