

Transparent Refund Commitment: Refunds are processed swiftly once returned products are inspected and verified at our fulfillment center. All eligible refunds will be issued to the original payment instrument or credited to your AuraCart Wallet as preferred.

1. INSPECTION & APPROVAL PROCESS

Upon receiving your returned package, our Quality Assurance team will conduct a thorough physical check within **48 business hours**. Approval is subject to verifying product condition, tags, accessories, and serial number match.

- Approved Returns:** A confirmation email and SMS notification with refund reference details will be dispatched immediately.
- Rejected Returns:** If the product fails inspection (e.g., missing parts, physical damage, user abuse), the item will be shipped back to you, and the refund request will be marked as invalid.

2. REFUND TIMELINES BY PAYMENT METHOD

Once approved, processing timelines vary based on the original payment gateway and banking channels:

Original Payment Method	Refund Destination	Estimated Processing Time
Credit Card / Debit Card	Original Issuing Card Account	5 – 7 Business Days
Net Banking / UPI / Wallet	Source Bank Account / App Wallet	2 – 4 Business Days
Cash on Delivery (COD)	Bank Transfer (NEFT) or AuraCart Wallet	3 – 5 Business Days post details submission
AuraCart Store Credits	AuraCart Wallet Account	Instant (Within 1 Hour)

3. SHIPPING CHARGES REIMBURSEMENT

- Standard shipping charges paid at purchase time are non-refundable unless the return is due to an error on AuraCart's part (damaged goods, incorrect product sent, or lost transit).
- If a promotional free shipping threshold was applied and a partial return drops the original order value below the threshold, standard shipping fees will be retroactively adjusted from the final refund amount.

4. LATE OR MISSING REFUNDS

If you have not received a credit within the expected timeline, please follow these verification steps:

- Check your online banking portal or card statement transaction history again.
- Contact your credit card issuer or bank; processing delays are common before transactions officially post.
- If you have completed all steps and still have not received your refund, reach out to our Finance Desk at billing@auracart-dummy.com with your Order ID.

5. PROMOTIONAL DISCOUNTS & COUPONS

If a promotional coupon code was redeemed on the order, the refunded amount will reflect the net price paid after applying the discount pro-rata across all items in that order.
